

BARRETT STUDIO architects

CALLAN CHILDS, ASSOCIATE

Director of Interiors

Callan holds a Master of Architecture from Southern California Institute of Architecture (SCI-Arc) and a Bachelor degree with a major in architecture from Washington University in St. Louis. She has been a member of the Barrett Studio team for over 8 years, and spent the previous 1 1/2 years as Project Manager in the Los Angeles-based interior design firm kwid (Kelly Wearstler Interior Design). She has successfully managed a wide variety of projects from design through construction, providing expertise in architectural and interior design, space-planning, tenant improvement, project management, public space renovation and creative solutions in residential, educational, office, hospitality and commercial projects. Her integrated approach blends interior architecture to exterior, as well as user to space, resulting in projects that are flexible, technically intelligent, and both ecologically and economically conscious.

Callan's ability to balance immediate needs with long-term vision has been especially beneficial to projects such as Gold Lake Resort & the Boulder Jewish Commons. She has also managed several projects of smaller scale, such as the West End Lofts and West Pearl Place lofts in Boulder. Other projects have included mixed use, residential, and retail spaces. This management experience has allowed her to further develop her communication skills with clients on a more intimate scale.

Callan continues to lead BSA's Interiors Department through all interior aspects of our projects. Her expertise in lighting design, interior finishes, cabinetry design and furniture and fabric selection ensures a seamless quality within every space. Recognizing the importance of establishing an interactive relationship throughout the design, in which her passion for Interior Design is translated to the client, Callan is able to create unique finished spaces that speak to the particular needs of each project.
